

YOUR VISION. OUR TEAM.

SERVICES CATALOGUE

Events, content, brands and connected services.

ZNJ brings creative planning, production and marketing together. Explore our services and speak with our team about a proposal built around your business.

LISBON BUSINESS ENQUIRIES | INTERNATIONAL EXPERIENCE

Where creativity meets strategy.

01 / EVENTS & EXPERIENCES

Make every detail count.

From a first idea to the final guest experience, bring the moving parts of your event together with ZNJ.

Event creation & management

Concepts, planning, timelines and coordination for corporate gatherings, launches, celebrations and brand activations.

Talent & entertainment

Explore artists, entertainers and talent options suited to your audience, event style and budget.

Venue & vendor coordination

Venue options and supplier coordination across catering, photography, decor and other event requirements.

Ticketing & guest organisation

Bring ticketing, guest information and event participation into your planning through the ZNJ platform.

Tell us your event type, preferred location, guest count and date. Our team can outline the scope, suppliers and budget for your project.

02 / MEDIA & PRODUCTION

Content with purpose.

Create visual and audio content that introduces your business, tells your story and supports your campaigns.

Photography

Product, brand, property and event photography, planned around the images your business needs.

Video production

Promotional films, property tours, interviews, event coverage and short-form content for digital channels.

Podcast production

Podcast and interview production with recording, lighting and editing options tailored to the project.

Editing & post-production

Video editing, audio cleanup and content finishing, shaped around the formats and deliverables agreed in your project brief.

Studio photographs are from ZNJ's published studio pages. Studio location, equipment, crew and availability are confirmed in each proposal; a Lisbon studio is not implied.

03 / MARKETING & CREATIVE

Build a consistent brand.

Connect your message, your visuals and your content through one coordinated creative team.

01

STRATEGY

02

CONTENT

03

CAMPAIGN

Social media management

Content planning, creative production and coordinated publishing shaped around your brand and audience.

Branding & graphic design

Brand identity, campaign visuals, presentations and promotional materials with a consistent look and message.

Campaigns & digital marketing

Marketing concepts and campaign support aligned with your objectives, channels and agreed budget.

Influencer & creator projects

Planning and coordination for creator-led content, brand introductions and relevant promotional collaborations.

A clear brief comes first: who you want to reach, what you want to communicate and what success should look like. Deliverables and reporting are agreed before work begins.

04 / WEBSITES & SEO

A clearer digital presence.

Turn your services into a website that is easy to explore, understand and enquire through. Start with your goals, audience and project brief.

A useful website starts with a clear plan

01**STRUCTURE**

Make your services easy to find.

02**CONTENT**

Explain your offer with clear copy.

03**ENQUIRIES**

Give visitors a clear next step.

Website creation

Business websites, landing pages and service pages, with the content, features and delivery scope agreed in advance.

SEO & service content

Page titles, descriptions, service copy and technical checks to help search engines understand your website.

Website maintenance

Content updates, page repairs and ongoing website support shaped around your existing platform and priorities.

Campaign landing pages

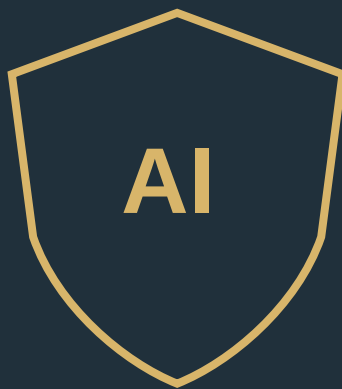

Focused pages that connect your advertising or social content to a relevant offer and enquiry route.

Portugal, UAE, Pakistan, Kuwait and Saudi Arabia are among our target markets. Remote digital services are available worldwide. Share your website, goals, deadline and budget so we can prepare a tailored proposal.

05 / ONLINE AI SECURITY

Technology. Human support.

Discuss online AI security systems with the ZNJ team, starting with your business needs and operating environment.

Online AI security systems

A dedicated service enquiry for businesses exploring AI-based security options and online system requirements.

A team to discuss your needs

Work with our team to explain your priorities, existing setup and the level of assistance your business requires.

A clearly defined proposal

Technical features, compatibility, access, privacy requirements, implementation and support scope are confirmed before any commitment.

Start with a consultation: zaheen@znjevents.com

06 / THE ZNJ PLATFORM

Your next event starts here.

Our online events agency brings event creation, talent, venues and related services together on one platform.

Register your company.

Download the ZNJ app, create your account and explore how your company can participate in the platform.
